Privacy policy career page

Our heart beats for our gaming world and jobs that couldn't be more diverse. We inspire, we entertain - together on the next level! Data protection is not as entertaining as our gaming world. However, the protection and confidentiality of your personal data is of particular importance to us. For this reason, we want to give you an overview of how we process your data so that handling your data is not a game of chance.

To ensure the protection of your personal data, we have taken technical and organizational measures to comply with data protection regulations. With this privacy policy, we inform you about how we collect personal data as part of your application process and for what purpose the data is processed. Your data will be processed in accordance with this privacy policy and the applicable data protection regulations.

This privacy policy applies to the career portals and the applicant management system of the MERKUR GROUP and all associated companies.

Order processing

For the efficient implementation of application procedures, we use an applicant management system from softgarden e-Recruiting GmbH, Tauentzienstr. 14, 10789 Berlin (contact: datenschutz@softgarden.de), which operates the applicant management system as a processor within the meaning of Art. 4 No. 8 GDPR.

An order processing contract has been concluded with the provider in accordance with Art. 28 GDPR, which ensures compliance with data protection regulations.

We remain your first point of contact for exercising your rights as a data subject and for handling the application process. You can contact us directly using the details of the controller provided above.

Subject matter of data protection

The subject of data protection is the processing of personal data, in this case in the context of applicant management. According to Art. 4 No. 1 GDPR, this includes all information relating to an identified or identifiable natural person (hereinafter "data subject") which is necessary for the performance of the application procedure and the initiation of an employment relationship, Art. 6 para. 1 b) GDPR.

In addition, data associated with the use of the applicant management system is also collected, so-called usage data. Usage data is data that is required to operate our websites, such as information about the start, end and scope of use of our website, including login data. This processing complies with the provisions of data protection and telemedia law.

As part of the application process and/or the use of the system, processing activities may also take place that are carried out either on the basis of legitimate interest pursuant to Art. 6 para. 1 lit. f) GDPR or on the basis of your consent pursuant to Art. 6 para. 1 lit. a) GDPR. Processing activities for which there is a legal obligation to process or a public interest, Art. 6 para. 1 lit. c) and e) GDPR, such as in the context of criminal prosecution or investigation by state authorities, also come into consideration. You can determine and control the scope of processing yourself through individual settings in your web browser, the configuration of the corresponding cookie settings and your user behavior.

Collection and use of your data

Visit the website

For operational and maintenance purposes and in accordance with the provisions of telemedia law, interaction is recorded ("system logs"), which are required for the operation of the website or processed for system security purposes, for example to analyze attack patterns or illegal usage behavior ("evidence function").

Your internet browser automatically transmits the following data when you access the career portal:

- Date and time of access,
- Browser type and version,
- operating system used,
- Amount of data sent,
- IP address of the access.

This data is not used for direct allocation in the context of applicant management and is deleted again promptly in accordance with the legitimate retention periods, unless longer retention is required for legal or factual reasons, such as for evidence purposes. In individual cases, storage for the aforementioned purposes may be considered. The legal basis is Art. 6 para. 1 lit. f) GDPR and telemedia law.

You can also use the links provided to find out how the social networks mentioned process your personal data. We have no influence on the processing of your personal data by the social networks.

Google Analytics

We use Google Analytics, a web analytics service provided by Google Inc ("Google"). Google Analytics uses "cookies", which are text files placed on your computer, to help the website analyze how users use the site. The information generated by the cookie about your use of this website is usually transmitted to a Google server in the USA and stored there. However, if IP anonymization is activated on this website, your IP address will first be truncated by Google within member states of the European Union or in other states party to the Agreement on the European Economic Area. Only in exceptional cases will the full IP address be transmitted to a Google server in the USA and truncated there. The data is used to evaluate your use of the website, to compile reports on website activity and to provide other services related to website activity and internet usage to the website operator.

According to Google, the IP address transmitted by your browser as part of Google Analytics will not be merged with other Google data. softgarden uses Google Analytics to analyze and regularly improve the use of the website and softgarden products. We can use the statistics obtained to improve our offer and make it more interesting for you as a user. For cases in which personal data is transferred to the USA, we have concluded an order processing contract with Google, including the general standard contractual clauses approved by the EU Commission (suitable guarantee pursuant to Art. 46 para. 2 lit. c GDPR). The legal basis for the use of Google Analytics is your consent in accordance with Art. 6 para. 1 sentence 1 lit. a) GDPR. You can change your cookie settings at any time and revoke your consent without giving reasons. You can find further information at: https://policies.google.com/privacy.

Talent pool

As part of your application or via the "Get in touch" button, you have the opportunity to recommend yourself for our talent pool. The processing is necessary in order to be automatically considered for further job advertisements, i.e. for similar or other suitable positions.

If you register for the talent pool using the "Get in touch" button, the following information will be requested:

- Salutation, academic title (optional)
- First name, last name, e-mail address
- Job fields of interest
- Current career level
- Preferred location(s)
- XING profile or curriculum vitae

Inclusion in the talent pool is purely voluntary with your consent and by using an opt-in link. The legal basis is Art. 6 para. 1 lit. a) GDPR. Furthermore, we will write to you after 6 months to ask whether you still wish to be part of the talent pool.

Application via messenger services

We offer you the option of submitting your application via certain messenger services. This should enable you to submit your application quickly and easily. If you use this option and apply to us via one of the available messenger services, the application data you enter and other messages you make in the chat will be processed by the respective provider of the messenger service.

Details on data processing for the messenger services can be found in the respective data protection notices: WhatsApp, Telegram, Facebook Messenger. Please note that we have no influence on data processing by the messenger services.

As part of data processing via the Messenger services, your personal data may be transferred to bodies based outside the EU. Such a transfer is permitted if the European Commission has determined that an adequate level of data protection is required in such a third country. If there is no adequacy decision and nothing to the contrary is stated below, we use the EU standard data protection clauses as suitable guarantees for the transfer of personal data from the scope of the GDPR to third countries. You can cancel the application at any time using the /cancel command in the chat window. In this case, all previously entered data will be deleted.

Deletion and use of the data

Your data will be stored for the duration of the application process and in accordance with the legitimate retention periods after completion of the application process. In the event of a rejection, the data will be kept for 3 months. After the retention period has expired, the data will be completely anonymized and it will no longer be possible to link it to a specific person. The processing of anonymized data records is not subject to the material scope of the data protection regulations, so that anonymized data can be processed for statistical and analytical purposes, for the creation of market studies or for product development.

Your rights as a data subject

Rights of data subjects

Data subjects are entitled to know at any time whether their personal data has been stored and can assert a right of access to stored data (right of access), verify its accuracy (right to rectification), request its completion and updating, request its erasure (right to be forgotten), request the restriction of processing (right to restriction) and have the data ported/ported in a commonly used, machine-readable format (data portability). These rights apply unless there are compelling and/or legitimate grounds on the part of the controller to the contrary. info@merkur.comTo do so, please contact MERKUR.COM AG (e-mail:) or send a letter to the address given above.

In cases in which we process data on the basis of your consent (Art. 6 para. 1 lit. a) GDPR), you have the right to withdraw your consent at any time without giving reasons and with effect for the future. The corresponding data processing will then no longer take place in the future, but will not affect the legality of the processing carried out up to the time of revocation. Furthermore, you have the right to object to processing, for example if the data is or was processed incorrectly, or if other reasons in the interests of the data subject prevent (further) processing. Data subjects also have the right to lodge a complaint with the supervisory authority responsible for data processing.

Please note that in the event of an objection and/or revocation, certain services/processing activities cannot be provided or utilized insofar as the processing is necessary for these purposes.

Automated decision making

Automated decision-making does not take place. Should this be or become necessary, we will obtain transparent consent in advance of the processing.

Changes to this privacy policy

We reserve the right to amend or supplement this privacy policy at any time with regard to the continuously changing legal, technical and organizational requirements for the processing of personal data. This also applies to any translation errors and differences with regard to national data protection law requirements.
